

UMER SHOAIB

WEB DEVELOPER | ASPIRING AI AGENTIC DEVELOPER

Phone: 03352703740 | **Email:** umerawan.tech@gmail.com
Old Town, Kharadar, Karachi, Pakistan

PROFESSIONAL SUMMARY

Web Development learner with practical project experience building and customizing responsive websites using WordPress, HTML, CSS, Bootstrap, PHP, MySQL and Laravel. Currently learning Agentic AI at Saylani SMIT, with a growing foundation in AI agents, prompt design, workflow automation and connecting tools to complete multi-step tasks. Curious, adaptable and eager to learn new technologies while contributing to a professional team.

TECHNICAL SKILLS

Web: HTML5, CSS3, SASS, Bootstrap 5, responsive layouts, media queries

Development: Core PHP, MySQL, Laravel, CRUD, authentication, AJAX

CMS & Tools: WordPress, Elementor, theme customization, admin-panel customization, Photoshop, Sublime Text

Currently learning: Agentic AI concepts, AI-agent workflows, prompt design, task automation, and tool/API-connected workflows (Saylani SMIT)

PROJECTS & PRACTICAL EXPERIENCE

• **WordPress Websites:** Codesmashers, Traveller and Modern Website — built/customized using Elementor and plugins.

• **American Food Website:** Created using HTML5, SASS and Bootstrap.

• **Veterinary Website, Patrix and Resto:** Developed responsive layouts using Bootstrap.

• **Personal Portfolio:** Built with HTML5, CSS3 and media queries.

• **My-Books:** Laravel admin-panel integration, CRUD functionality and AJAX-based authentication.

• **SMS / MYSMS and Contactplus:** Core PHP project work.
